**JUNE OUT**

# ANNOUNCING ANOTHER NEW PARTNERSHIP!

**Kinship is very excited to announce our new partnership with Noble Minds Institute for Whole Child Learning! Beginning at the end of August, and running through December 2022, Kinship's elder community members will come together with middle and elementary school students from Noble Minds in a weekly, intergenerational Book Club and Drama project!**

**Noble Minds mission is to create an environment where students receive high quality instruction and effective personal growth strategies that will prepare them to successfully navigate the next stage of their educational journey.**

**We are extremely excited to be creating intergenerational partnerships in New Orleans.**

**This is another opportunity to provide education, resources, and the ability to thrive to our elders, connecting them to even more members of their community!**
